# SPECIFICATION AMENDMENTS

**[0005]** Please amend paragraph [0068] according to the following:

[0068] FIG. 6 shows an example EPG UI 170 which is presented on a ~~display 172. 19 The~~ display 172. The EPG UI 170 includes a channel panel 174, a ~~time panel 166~~ <u>time panel 176</u>, a program grid 178, and a program summary panel 180. Channel panel 174 provides a vertical scrolling list which displays multiple channel tiles 182 at any one time. Each channel tile 182 includes a channel number and a channel name (typically the network name, such as CBS, ABC, MTV, etc.), and might also include a channel logo. The channel panel 174 defines rows of program titles in program grid 178. Time panel 176 is a horizontal, continuous scrolling time line with markings denoting half-hour time segments. Time panel 176 defines columns in program grid 178.
